Dear Nathaniel

I am writing to offer my congratulations on the outstanding level of achievement that you have attained in your studies for Term 2 2018.

The School of Engineering & Technology commends the members of its student community who achieve a high level of academic performance. I am very pleased to advise that your academic performance places you in this category, since you received a High Distinction for: COIS12036 Human-Computer Interaction.

I am aware of the high level of commitment required to achieve this level of academic performance, and I encourage you to maintain your current high standard of academic performance in subsequent terms, and to give consideration to future enrolment in courses offered by CQUniversity.

Again, congratulations on your achievement and best wishes for your future studies.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Fae Martin', with a long horizontal flourish extending to the right.

Associate Professor Fae Martin
(Acting) Dean
School of Engineering & Technology
CQUniversity Australia
